REFRIGERATION
ASPIRE OUTDOOR REFRIGERATION is built to entertain in style. The undercounter refrigerator offers precision temperature control from 36° to 64° F, so you can store fresh ingredients or your beverage of choice at its optimum temperature. Chrome-plated adjustable shelves easily accommodate bottles, cans, growlers or large dishes.

The drop-in cooler is thoughtfully designed at bottle depth, so wine bottles can be chilled upright. Exceptional insulation keeps everything ice cold through the night. And condiment trays offer handy storage for chilled snacks and garnishes. Of course, both the cooler and refrigerator are built from 304-grade stainless steel to weather every season – and every party.

With 5.6 cubic feet of capacity, the undercounter refrigerator accommodates more than enough burgers to fill the grill.
