INDOOR PRODUCTS
The Hestan team spent years working alongside America’s most celebrated chefs. As we created award-winning innovations for their kitchens, we followed one cardinal rule: build with purpose. Everything must work exceptionally and without excuse. Every night. So you won’t find bells, whistles or gimmicks in the Hestan kitchen – just meticulous craftsmanship, meaningful technology and proven reliability. It’s all backed by our 3-Year Full Warranty (yet another best-in-category). Hestan was built to meet the needs of the most demanding chefs. And we count you foremost among them.

Innovation is at the heart of everything Hestan. So it’s only fitting we created a superior warranty. Hestan Indoor kitchen is backed by our IronClad 3-Year Full Warranty*.

* Does not include undercounter refrigeration.
Hestan reinvented the restaurant kitchen. And now we’ve reimagined yours. Hestan offers the most powerful sealed burner available on the residential market. But more importantly, Hestan also delivers the lowest simmer setting—because power is nothing without control. From the smart induction cooktop to the patented MarquiseDisplay™ on the oven handle, every detail in the Hestan cooking lineup is designed to empower you. To give you more control. More confidence. More dazzling dinner parties.
Range or wall oven? Cooktop or rangetop? Gas, electric or induction? Hestan performance complements your cooking style – and Hestan’s engineers have dialed-in the details so you can dial in your kitchen. The Hestan CircuFlame™ burner delivers the fastest boil time. Custom cast-iron grates create a continuous cooking surface on our ranges and rangetops. TwinVection™ technology in our wall ovens delivers maximum airflow and optimum temperature control.

EVERY HESTAN RANGE AND RANGETOP IS PROUDLY MADE IN CALIFORNIA.
COOKING ACCESSORIES

COOKING IS A CELEBRATION OF DETAILS.

“From ingredients to temperature, every detail colors your food. Cook thoughtfully, and every nuance dances on the plate. Hestan’s engineers understand this. That’s why you’ll find Hestan in my kitchens at French Laundry, Per Se and TAK Room. Every grate, burner and knob is designed to enhance performance; every intuitive innovation is built around the chef.”

Chef Thomas Keller
Refrigeration is the unsung hero in the kitchen. After all, no matter how well you cook, you can’t overcome less-than-fresh ingredients. Hestan refrigerators and freezers improve food preservation with antimicrobial stainless steel, advanced ventilation and EvenFlow Air Circulating Technology™, which traps cold air behind an air curtain even when the door is open. You can also count on our triple-paned, multi-temperature zoned wine cellars and wine refrigerators to safely preserve your reds, whites and bubbles. Undercounter options like our ice machine and beer dispenser give you ultimate host status. And our modular Ensemble Refrigeration Suite™ makes it easy to fit all that performance into any kitchen layout.
Hestan refrigeration works smarter and looks brilliant. Refrigerators and freezers silently and diligently preserve your food and ingredients. A feat of mechanical engineering delivers extra storage depth within standard cabinet depths. Refrigerator and wine cellar bottom drawers offer three independent temperatures zones ranging from fresh food to deep freeze. Wine cellars and wine refrigerators preserve your favorite vintages at the perfect temperature while keeping them safe from light and vibration, if not toast-happy guests. And undercounter refrigeration options, including a beer dispenser, ensure refreshments are always ready wherever the party congregates.

### Specifications
- **24” Undercounter Refrigerator**
  - Glass Door also available

- **24” Undercounter Dual-Zone Refrigerator and Wine Cellar**
  - Solid Door also available

- **24” Wine Cellar**
  - Glass Door also available

- **24” Wine Refrigerator**
  - Single Faucet also available

- **24” Undercounter Double-Faucet Beer Dispenser**
  - Single Faucet also available

- **CUSTOM OVERLAYS**
  - Create seamless kitchen style.
THoughtful Technology. Powerful Features.

We believe the right use of technology can actually make cooking more personal. Hestan equips you with innovative and intuitive tools to inspire you to spend more time in the kitchen – and love every minute of it.

Hestan smart cooking technology is integrated into our smart induction cooktop. When paired with Bluetooth-enabled cookware and the app on your tablet or smartphone, your cooktop becomes a culinary school. Chef-guided videos walk you through each step and technique for hundreds of recipes.

**Patented Marquisedisplay™ Touch Control**
Digital display and touch controls are elegantly embedded in the range door handle. This industry first delivers exceptional convenience, elegance and chef-friendly control.

**Spectrum Power Display™**
The Spectrum Power Display on our radiant cooktops empowers you with instantly intuitive and exceptional control over the premium Trinal™ triple burners.

**Ironclad 3-Year Full Warranty**

**Simmer Flame Capability**
Hestan’s precision sealed burner system maintains continuous gentle temperatures without flickering – perfect for delicate sauces.

**Evenflow Air Circulating Technology™**
Independent compartmental ventilation allows for uniform and precise temperature control, ensuring better food preservation.

**Soft-Close Oven Door**
The soft-closing oven door with extra-wide glass provides both increased food visibility and heat insulation, along with shock-absorbing, assisted closing to make sure heat stays where it belongs – in the oven.

**Adjustable Shelf System**
Easily adjust shelves to any height position, not preset slots. You don’t even have to remove items from the shelf.

**Backlit Control Knobs**
Unique, elegant lighting enhances both visibility and style.

**Automatic Dishwasher Door Open**
The dishwasher door automatically opens at the end of the cycle. This increased airflow significantly optimizes drying and eliminates water spots. It’s also a visible reminder that the dishwasher has finished – because at an ultra-quiet 42dB, your ears will never know the difference.

**Deep Refrigerator Capacity**
Hestan’s engineering team created much deeper storage space than typical cabinet-depth built-in refrigerators by moving the evaporator to a concealed, side-mounted position.

**Backlit Control Knobs**
Unique, elegant lighting enhances both visibility and style.

**Ironclad 3-Year Full Warranty**

**Smart Induction Cooking**
Hestan smart cooking technology is integrated into our smart induction cooktop. When paired with Bluetooth-enabled cookware and the app on your tablet or smartphone, your cooktop becomes a culinary school. Chef-guided videos walk you through each step and technique for hundreds of recipes.

**Circulation Ventilation System™**
Hestan’s breakthrough baffle-less variable speed blower system collects 70% more grease than almost every other vent hood.
There is a direct correlation between the towering pile of dirty dishes and the number of happy guests. So, while you cook up a storm, Hestan ventilation silently corrals the smoke, grease and odors. Your dinner party will never know we’re there. Then, after the last glass is cleared and the laughter fades out of the front door, the Hestan dishwasher quietly goes to work – so the only thing that sparkles more than the stemware at your next dinner party will be the conversation.
Cooking tends to leave behind a joyous mess. Hestan happily (and silently) handles it. Hestan hoods clear the air of even the most intense cooking odors with best-in-class ventilation while safely collecting 70% more grease than most competitors. The dishwasher cleans everything from stock pots to stemware quietly, carefully and thoroughly with its patented Double Axial Washing System™. Then the automatic door pops open to maximize airflow and conserve energy for spot-free drying. It’s the next best thing to a magic wand.
From the classic stainless of Steeletto to a fresh burst of Citra, Hestan offers 12 signature color options to complement your kitchen style. You can also create a seamless look with custom overlays on refrigerators, freezers, dishwashers and hoods. All Hestan finishes are powder-coated to ensure they look beautiful no matter how hard they work for you.
